Scholar Spotlight

Victoria Rodriguez West Chester Chapter

This month we feature Victoria Rodriguez for our West Chester Chapter. Victoria is a 3rd grade student at Glen Acres Elementary School where she has earned Student of the Month and Perfect Attendance honors. Her favorite subjects are gym, art, and social studies. A very active and involved student at school, she participates in gymnastics and swimming. At YMWIC, she is an active participant in the Jazz Ensemble and Choir, Robotics, and MathCounts SIG (Special Interest Group). This is her first year as a YMWIC Scholar; and she has committed to being kind, helpful, caring, responsible, and respectful as a Member.

In her free time, Victoria likes to sing, dance, read, paint, enjoy having fun with her friends and sister, and spending time with her family. In the future, she may like to pursue a career as a chef owning her own restaurant, a doctor, or a singer.

You are off to a great start, Victoria; stay focused, work hard and continue to have fun.
