YMWIC Program Year Kickoff

New Program Year Kickoff: Exciting Plans Ahead for YMWIC Scholars!

The start of a new Program Year at YMWIC means fresh opportunities, new challenges, and endless possibilities for our Scholars! We are thrilled to announce some incredible plans designed to inspire, educate, and elevate our Scholars as they embark on another exciting journey with us.

College Tours & Career Exploration

This year, we're taking our college tours to the next level! Scholars will have opportunities to visit prestigious universities and connect with professionals in STEM fields. Through hands-on experiences and conversations with leaders in various industries, they'll gain insight into the careers that await them.

Workshops

We believe in equipping our scholars with the skills they need to excel. From coding to financial literacy workshops, we have a lineup of courses that will give them the tools to succeed. We even have certification programs, such as our Grow Academy which is a part of PECO, giving our Scholars a head start on their career paths.

New Mentorship Programs

Our mentorship program has always been a cornerstone of YMWIC; and this year, we're expanding it with more one-on-one sessions, group mentorship activities, and leadership training. We're pairing Scholars with dynamic mentors from top companies, fostering deeper connections that help guide their academic and professional growth.

STEM Innovation Projects

Get ready for innovation! Scholars will participate in hands-on STEM projects throughout the year, collaborating on

real-world challenges. From robotics to environmental science, they'll develop critical thinking and teamwork skills, pushing their creative limits.

Community Engagement & Service

We're also placing a strong emphasis on giving back. This year, Scholars will engage in various community service projects, helping them develop leadership skills and empathy. Our goal is to inspire them to make an impact not only in their careers but also in their communities.

Scholar of the Month & Special Recognition

We'll continue celebrating the hard work of our Scholars with the Scholar of the Month feature, spotlighting those who exemplify leadership, dedication, and academic excellence. Stay tuned for more exciting ways we'll be recognizing the outstanding efforts of our YMWIC family.

Upcoming Events & Parent Involvement

Mark your calendars! We have a packed schedule of events, from our annual fundraising gala to family STEM nights and Scholar showcases. We encourage all parents to stay involved—your support is key to the success of our Scholars.

The energy, excitement, and potential in this new Program Year are unmatched! Together, we'll continue building a legacy of success; and we can't wait to see where this journey takes our YMWIC Scholars next.

Let's get started on making this the best year yet!
