YMWIC Workshop #15

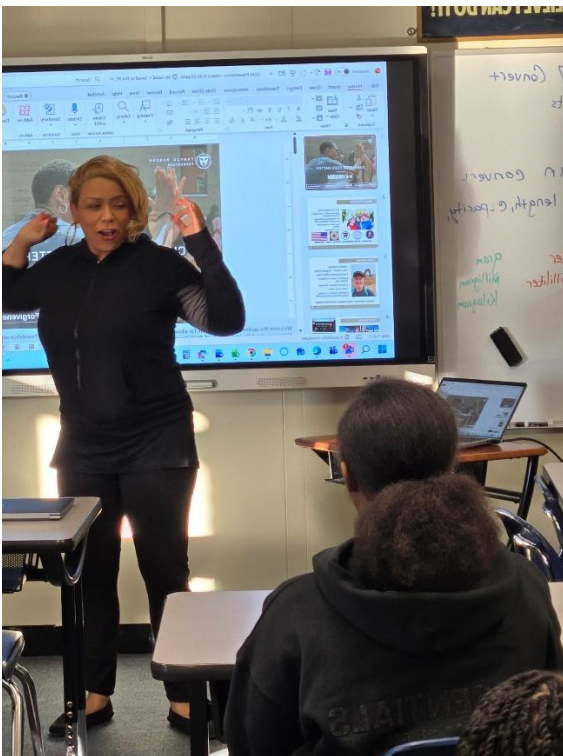

For Workshop 15, Scholars participated in inspiring workshops led by the Travis Manion Foundation. The Travis Manion Foundation is a nonprofit organization that empowers Veterans and their families to develop character and leadership skills through Community Service. Our Norristown Scholars participated in the Travis Manion Foundation Persistence workshop, and learned about the guiding principle, "If Not Me, Then Who?" Scholars demonstrated determination and teamwork through a series of exercises designed to strengthen their resilience and willpower. Our Scholars did an outstanding job pushing through challenges and supporting one another. Our Coatesville Chapter participated in the Travis Manion Foundation workshop centered on Leadership. YMWIC sends a big thank-you to the Travis Manion Foundation for leading such an engaging, memorable experience for our Scholars!
