Scholar Spotlight

Shamier Burke-Felder **Martin Luther King High School Chapter**

Shamier Burke-Felder is a senior at West Philadelphia High School and is new to YMWIC this year. So far, he has most enjoyed the College Tour, which has given him exposure to schools he may not have had the opportunity to visit. His advice to younger or new YMWIC Scholars is short and to the point, “Get your work done, and that’s it!” He tells his peers that the Foundation is a great place to be if they want to go far in life.

Shamier would like to study to become a Dentist or Orthodontist and will be applying to Arcadia University, Ursinus College and Temple University. In his free time Shamier enjoys playing games, going to the mall with his cousin, eating his favorite foods, and listening to music.

You’re in the home stretch, Shamier. YMWIC is here to help take to your next phases of college and your career.
