YMWIC Community Service Events

As a way to demonstrate the importance of giving back to the community and having compassion for those in need, YMWIC offers opportunities for our Scholars to participate in Community Service events. Our Chapters have participated in the following:

Coatesville and West Chester Chapters

The West Chester and Coatesville Scholars were deeply moved by the efforts of organizations to help animals affected by the fires currently burning in the Los Angeles region. This disaster inspired them to spend their most recent Community Service event supporting local felines. Scholars used yarn and catnip to make a box full of toys for our feline friends. Some of the catnip toys were donated to the West Chester SPCA to make their kitties happy, and some are being donated to the LA County SPCA for pets affected by the fires.

Phoenixville Chapter

For their second Community Service event of the Program Year, Phoenixville Chapter Scholars met at Ann's Heart Phoenixville Headquarters, located in the heart of Phoenixville's community. They assisted in spreading holiday cheer for the Pay It Forward Café! This initiative brought free, hot, healthy meals to Phoenixville locals. Scholars helped the organization prepare for their *Holiday Table: A Festive Meal To Go* event with a personal touch. Using craft materials, Scholars put their creativity to use and created handmade holiday cards and ornaments, which were handed out with the free meals provided by Ann's Heart. This extra sprinkle of holiday joy brought smiles to the community.
