Scholar Spotlight

Calvin Stokes **Chester Upland Chapter**

Meet Calvin Stokes, a dedicated 9th grade Scholar from Chester STEM Academy and a proud member of YMWIC since this school year. As a new Scholar, Calvin is already taking advantage of the Foundation's college-focused programs sharing, "I get to check out colleges," as his favorite aspect. For Calvin, YMWIC has provided a platform for self-discovery, helping him learn more about himself and his potential.

Calvin aspires to be an actor or singer after high school with Penn State at the top of his college wish list. His advice to younger or new Scholars is inspiring: "This Foundation helps you grow and become what you want to be in the future." To those unfamiliar with YMWIC, he emphasizes that it's a unique opportunity for personal growth and future goal setting.

Beyond his academic achievements, which include making the honor roll twice, Calvin is also passionate about basketball. In his free time, you can find him watching TV or playing basketball. Calvin's journey with YMWIC is just beginning; but he's already making the most of it, setting his sights high and encouraging others along the way!
