FOUNDATION, INC.

## February 2026 SIGs

### YMWIC SIGs

YMWIC administers our weekly Special Interest Groups (SIGs), which focus on enabling Scholars to learn about activities beyond the regular workshops and STEM curriculum. Key SIGs for the month of February were: Robotics, Math Counts, Chess Club, and Choir. We also spent time working one-on-one with Scholars to prepare for their upcoming Science Expo on February 21<sup>st</sup>, 2026.
