

YOUNG MEN AND WOMEN IN CHARGE  
FOUNDATION, INC.

## Scholar Spotlight

### **Neida Ordonez** **West Chester Chapter**

Meet **Neida Ordonez**, a vivacious 10th grade student at Great Valley High School. Neida, who has been an Honor Roll student, joined YMWIC this Program Year. She has committed to being engaged in the Foundation by fully participating and wants to be an example for other Scholars. Presenting and defending her Science Project at the YMWIC Science Expo this month has surely helped in her goal of overcoming challenges with public speaking. She says, “It was important for me to become more comfortable speaking in front of groups.”

Neida plans on becoming an Ultra Sound Technician and Stenographer; she is interested in attending Thomas Jefferson University or Penn State University.

We appreciate your efforts and talents, Neida, and are certain your learning experiences with the Foundation will help you meet your goals.
