Scholar Spotlight

Alice Alvarez **Norristown Eisenhower Chapter**

Alice Alvarez attends Marshall Street Elementary School where she is in the 4th grade. She has received multiple awards in school: Student of the Month, Golden Jaguar, Awesome Artist, and Rockstar (in music class).

Alice joined YMWIC this year; she is enjoying meeting other Scholars and participating in Foundation events, especially the Community Service Events and working on her Science Project with her peers, teachers, and parents. She has noticed since becoming a member, her ability to acquire new skills have improved, especially teamwork.

Alice has a few ideas in mind for her future; she is interested in becoming a reading teacher, pediatrician, or a cosmetologist. She would like to attend Temple University because her step brother is a Temple Owl, although she knows she and her parents have plenty of time to visit other colleges and make a decision. Even though she's in elementary school, she's looking forward and planning to attend the annual YMWIC College Tours offered to older Scholars. A talented and well-rounded young lady, Alice plays the violin and soccer, and takes jazz dance and ballet lessons. In her free time, she likes to play with her friends, go to parks, sleep, decorate, and watch movies.

We welcome you to YMWIC, Alice, and look forward to accompanying you on your journey to becoming a future leader.
