FOUNDATION, INC.

Scholar Spotlight

Dior Livingston **Chester Upland Chapter**

Dior Livingston is a new addition to YMWIC, enjoying her first year in the Program. As a 9th grade student, she's finding that she really appreciates the opportunities and support YMWIC offers. She enjoys the supportive and caring atmosphere where we review key concepts together, and there is no judgment in asking for help. As a Scholar focused on academic excellence, she has achieved Honor Roll. Dior hopes to become a lawyer after successfully completing college.

Dior values support and tutoring provided by Foundation staff as they help her with homework, which has improved her grades. Her advice to others, "Use your time thoughtfully and not take the Foundation's resources and opportunities for granted." In her free time, Dior enjoys playing bass, games, and listening to music.

Welcome, Dior! We're thrilled to have you.
