Scholar Spotlight

Mikel John Sigler **William Penn Chapter**

We are thrilled to introduce Mikel John Sigler, a dedicated Scholar from the William Penn Chapter of YMWIC. Mikel, currently a 10th grade student at Penn Wood High School, joined YMWIC in 9th grade and has already made a strong impression within our community.

Since joining the Program, Mikel has embraced the opportunities to give back through community service events, which he has thoroughly enjoyed. Reflecting on his time with YMWIC, Mikel shares, "The biggest impact YMWIC has had on me is helping me maintain high grades." This is a testament to his hard work and dedication.

Mikel has consistently earned Honor Roll for all four quarters of the school year, proving his commitment to academic excellence. While he does not participate in sports, instruments, or performing arts, he values spending quality time with his grandparents and friends during his spare time.

Looking ahead, Mikel has his sights set on a future in graphic design and is interested in attending Penn State University. His advice to younger scholars is to always strive to be "the hardest worker in the room." He adds, "YMWIC is an amazing foundation to participate in, where you can build courage, team-building skills, and camaraderie."

Mikel John Sigler is a shining example of the positive impact YMWIC has on young Scholars, and we look forward to supporting his journey to success.
