Scholar Spotlight

Jeremiah Daviin William Penn Chapter

Jeremiah Daviin, is an 8th grade student at Penn Wood High School. He is proud that when he was in middle school, he earned awards for perfect attendance and being the kindest student. He has noticed significant personal growth since joining YMWIC when he was in the 7th grade saying, "I have overcome how nervous I was in groups of people." He has committed to showing up and participating at Foundation workshops and events.

Jeremiah's favorite subjects are science, coding and learning how computers work, and enjoys the computer and coding activities he participates in at YMWIC. He would like to possibly attend Delaware County Community College and become a computer engineer or coder. He also enjoys making his own comics, cartoons and games.

When Jeremiah is not working, he likes to spend time on the beach and watch YouTube. Keep up the great work, Jeremiah. We are privileged to have you as a YMWIC Scholar.
