YMWIC April Featured Family

This month's Parent of the Month from the YMWIC Coatesville Chapter is Mr. Tim Wallace! Mr. Wallace has been a passionate advocate of the YMWIC Program for the past two years after his youngest son Tanner enrolled in the Program. Tanner is a 9th Grade Scholar at Collegium Charter School. Mr. Wallace is a dedicated parent and YMWIC advocate who has attended almost every Project Support and Workshop Session provided this Program Year!

Mr. Wallace is an accomplished IT Specialist who works for a leading IT company, assisting one of the largest Food Service companies in the world. Mr. Wallace is proud of the work he does, where he currently leads a team of 30 IT Technicians throughout both the United States and Canada. Outside of work, Mr. Wallace has many hobbies. For example, he loves taking on new DIY construction projects around the house. When he is not fixing things, he likes to keep his mind and body fit through his participation in Martial Arts. In May of this year, he will have the honor of testing to become a Black Belt in Karate! Mr. Wallace also has an amazing singing voice, and he loves to sing whenever and wherever he is able. He also loves food, especially his partner Melinda's cooking. As a foodie, he jokes that he'll eat just about anything except for cabbage! While he typically travels with his family for Karate tournaments, he wishes to one day go on his dream trip to the tropical islands of Hawaii.

A true family man, Mr. Wallace is the father of an astounding 12 children whom he loves dearly. Out of his 12 children, he currently has 2 children who have finished college, 3 children who are in college now, and 2 children who are on the way in a few short years. A proud dad indeed, he was recently overjoyed by his 20-year-old son who was honored with becoming one of the youngest employees to be selected to attend McDonald's Manager's School at the young age of 17!

One wish Mr. Wallace has for all of our YMWIC Scholars is that the accomplishments they make while in the Program are recognized as they move forward into college. He truly believes the YMWIC Program will help give Scholars a leg up as they pursue their future goals. We thank Mr. Wallace for his commitment and support to the Foundation. Please join us in honoring Mr. Tim Wallace as April's Parent of the Month!
