Scholar Spotlight

Zoe Stanton
West Chester Chapter

Zoey Stanton is a fourth grader at Hillsdale Elementary who, despite her young age, brings remarkable passion and enthusiasm to everything she does. As a member of YMWIC for the past year, Zoey has already begun to distinguish herself as a scholar who is eager to learn, grow, and make a positive impact. Her energy and curiosity set a strong foundation for her continued success.

Throughout her time with the West Chester Chapter, Zoey has shown great dedication. Not only by consistently showing up, but by being a valuable and engaged participant. She approaches activities with focus and determination, always ready to contribute and support those around her. Her commitment reflects maturity beyond her years and a genuine belief in the mission of the program.

Zoey is always the first to volunteer to lead the credo and does it with great pride. She is not afraid to use her voice to lead her peers and inspire the chapter to say the credo standing tall.

Outside of YMWIC, Zoey has an interest in playing with her friends and playing on her iPad. She loves foxes and you can always see her wearing her fox ears to project support or workshops.

Zoey is a young scholar with great promise, and her future is incredibly bright. With her passion, dedication, and strong character, she is sure to grow into an even more amazing individual. There is no doubt that Zoey will continue to achieve great things and inspire others along the way.
