Scholar Spotlight

Layla Manley
Martin Luther King High School Chapter

Layla Manley is an 8th grade Scholar at St. Raymond of Penafort School where she has been an Honor Roll student. This is her second program year at YMWIC. When we asked Layla what the biggest impact is that the Foundation has had on her, she proudly states that it has helped to improve her study habits and improved her math grades. She most enjoys the projects she takes part in during the workshops. She has renewed her dedication to studying hard, attending as many workshops as she can, and volunteering.

In addition to working hard and continuing to get good grades, Layla would like to study cosmetology and become a hair stylist and a dancer in the future. She enjoys practicing her hair styling skills with her friends and playing games in her free time.

Continue working hard and committing to the Foundation Layla; we are proud to have you as a member.
