FOUNDATION, INC.

## Scholar Spotlight

### **Jada Hitchcock** **William Penn Chapter**

Jada Hitchcock, a 6th grade student at Cornerstone Christian Academy, has been a proud member of YMWIC since 3rd grade. One of her favorite aspects of the Foundation is participating in Community Service projects, which allow her to give back while learning valuable life skills. Jada credits YMWIC with helping develop her public speaking skills. She realizes public speaking will be essential in her future career. She dreams of becoming a teacher after high school and has her sights set on Widener University for her college education.

When asked what advice she would give to younger or new Scholars, Jada says, “Be yourself and try not to act shy or introverted.” She encourages others who may not know about YMWIC to join, describing it as a fantastic STEM Program that opens doors to college opportunities with numerous perks and benefits.

Jada is a dedicated Scholar and has received several awards. These awards include Honor Roll throughout elementary school, as well as earning 1st and 3rd Place in the YMWIC Science Expo and earning 1st Place at her school's Science Fair. In addition to her academic achievements, Jada stays active in a variety of extracurricular activities. She is a member of a competitive dance team, choir, orchestra, cheer team, and acting club. During her free time, she enjoys playing Roblox and staying connected with her friends. YMWIC is proud to have Jada as part of our Scholar family, and we can't wait to see what she accomplishes next.
