

YOUNG MEN AND WOMEN IN CHARGE
FOUNDATION, INC.

April 2026 Scholar Spotlight

Dayanis Morales **Norristown Eisenhower Chapter**

Dayanis Morales, a determined senior at Norristown Area High School and YMWIC Foundation member since the end of 8th grade, highlights the organization's transformative power through her remarkable journey.

She treasures the tight-knit community that fosters mutual support, which has notably boosted her confidence and positioned her as a valuable resource for peers.

With standout achievements like PA DECA Member of the Month, State Action Team honors, and a Business and Technology Award, alongside running cross country and juggling two jobs while indulging in reading Fresh Facts, Dayanis aspires to excel in Computer Engineering and Accounting at elite schools such as Georgia Technical College, Caltech, Lehigh University, or Purdue University.

Her advice to newcomers: "Take full advantage of everything this Foundation has to offer," and shares an invitation to others, "YMWIC truly wants you to become the best version of yourself, so reach out and join!" Her statements perfectly capture the YMWIC's empowering spirit. We can't wait to see where Dayanis' path leads her next.
