

Grandparent's Day occurs annually, on Tuesday, the week of Thanksgiving. The day begins at the elementary school in the gymnasium with a truly delicious hot breakfast and student performances, followed by visiting the student's classrooms. The upper school also honors their grandparents with afternoon performances, classroom visits, snacks, and this year, a tour of the amazingly beautiful, new Colosseum. The committee (made up entirely of Liberty parents) has amazingly accommodated over 600 grandparents at the elementary last year, and around 250 at the upper school. This year is Liberty's 20th year as a truly exceptional school. We are looking for some fresh ideas, fresh faces, and fun parents to plan and execute the best Grandparents Day so far in Liberty's history.

The committee meets every Friday morning at either the upper school or elementary at 8:30 am from early September until the Friday before the event to discuss action items, progress, and brainstorm ideas.

We look forward to meeting new parents or welcoming long-time Liberty parents as new committee members!!!

If you would like to know more about Grandparents Day, check out Liberty's webpage.
