

hon's honey

a healing hive

Make your Mom proud! 'Bee' a part of this great cause!

Make a difference this Mother's Day! Woods is partnering with The Well to provide our congregation an opportunity to honor our Mothers and directly impact lives.

Hon's Honey was created by The Well to provide a dignified solution to an overwhelming problem for women at risk of addiction, abuse, poverty, sex-trafficking, and prostitution in Baltimore, Maryland.

Through this social enterprise, women who graduate from The Well's Mentorship program can become "Worker Bee's". Some of their duties include tending to hives, harvesting honey, using these ingredients to package honey and other products like lotions and candles, and selling them at open markets and online. These women take pride in the work of their hands, develop a wide range of skills, gain work experience, manage financial independence, and provide for their families.

Visit <https://www.honshoney.com/shop-online> and look for the Mother's day box or choose from their many different products. Order by **Tuesday, April 27**

2 ways to order:

1. You can save on shipping and Hon's will drop off your purchase at the church Saturday, May 1 from 11AM-1PM. Be sure to enter WOODSMD in the Gift/Discount Code box so Hon's Honey will be able to identify your order.
2. You can ship it directly to your Mom (Do not use the discount code or your purchase will end up at the church).

Feel free to come early and chat with these amazing survivors about how they make the products.
