ADVENTURES

Saturday, April 6

Raptor Fest – See migrating raptors and waterbirds. Mackinaw City, for details, contact info@mackinacraptorwatch.org.

Saturday, April 20, 12:00pm

Earth Day March for Science Rally Meet at corner of State and Main Streets, Cheboygan. Bring signs and drums or other instruments to play for march down Main Street.

Tuesday, April 23, 2:00pm

Emmet County Recycling Center Tour
Go "behind the bins" to see how Emmet County Recycling processes our recyclables. 7363 Pleasantview Road, Harbor Springs. Call 231-348-0640 to register.

Wednesday, April 24, 6pm with repeat at 7pm.

Tour the USGS research vessels Sturgeon & Arcticus docked on the Cheboygan River. See inner workings of ship and how science is completed onboard. Contact Andrea Miehl: 989-734-4768 x135 or amiehl@glfc.org for reservation.

Sunday, April 28, 6:30am

Native American Sunrise Service & Potluck Learn the importance of storytelling and the significance of animals and nature. Bill Nash residence, 2595 Seven Fires Trail, Indian River.

Tuesday, April 30, 6:30pm

Building a Wind Farm – Aaron Harke of Kokosing Industrial Durocher Marine Division will discuss installation of 29 miles of cable in the Atlantic to support the first offshore wind farm. Cheboygan Public Library

Wednesday, May 1, 8:30pm

Observe Ed Pike and Raptor Watch volunteers band owls at Cheboygan State Park. Meet at the trailhead parking lot. Pre-register by texting 231-420-9741. Limit 15.

Monday, May 6, 6:30pm

Why Are We Here? Learn about the migration of raptors through the Straits of Mackinac and the importance of the resting and feeding stopover for migratory hawks, owls and waterbirds. Richard Couse, Mackinac Straits Raptor Watch (MSRW) Cheboygan Public Library.

Saturday, May 11, 11:00am

Guided Sturgeon Viewing Tour at Upper Black River. Call Brenda 231-625-2776 to register. Meet at Lorenzo's at 10:45am then travel to watch the research team net sturgeon in the river then to the hatchery to see larval and young sturgeon.

Saturday, May 18, 10:00am

Cheboygan Water/Wastewater Treatment Plant Tour
See how the city maintains infrastructure, produces drinking water and delivers water to customers. Did you know the city "recycles" wastewater so that it doesn't pollute the Great Lakes? So much to learn! 975 N. Huron, Cheboygan

Tuesday, May 21, 3:30pm

Take a Hike with Huron Pines: Keep Invasive Species Off Your Favorite Trails
Take a hike through Duncan Bay Nature Preserve and learn how to protect the wild places you love. Learn about invasive species and how to prevent their spread. From US 23 turn on Eastern (toward Lake Huron) to the end. Then right on Duncan Ave. for about 200 ft. The parking lot will be on the left.

Sunday, May 26, 2:00pm

Tour Harvest Thyme Farm and Vineyard
Learn how they extend the growing season to nearly 10 months with caterpillar tunnels. Tour of the new and old farm properties, including 6,000 sq.ft. hoophouse tomato production and 5 acres of wine grapes. 4848 Indian Trail, Cheboygan

Wednesday, May 29, 6:30pm

Defending Underdog Plants
Human impact on a Florida barrier island; native vs. exotic plants & animals. Interesting find: WWII shells & fossils! Connie and Dale Rieger. Cheboygan Public Library
