September 7th - A Day of Faith and New Beginnings

Baptism Video

On Sunday morning, **22 believers** took the step of baptism, boldly declaring **their faith in Christ** and proclaiming, **“I am not embarrassed to be a Christ follower.”** This celebration was especially moving because just one week earlier, our Woodlands campus had been flooded, forcing us to postpone the baptisms. Yet even in the delay, God was at work—one more person decided to be baptized, making the celebration even greater.

That afternoon, more than 30 church members brought the hope of the gospel to San Agustín Park. With tents, games, activities, sandwiches, and an incredible clown ministry, the park quickly filled with joy and laughter. Word spread through the neighborhood, and soon children and their parents gathered to join the fun.

When the time came, our co-pastor, Arturo Ybarra, shared a simple but powerful gospel message. Hearts were tender and ready—**17 children said YES to Jesus, taking their very first steps of faith,** along with several adults.

September 7th will stand as one of the most fruitful days in the 10-year history of Breath of Life Church—a day of baptisms, evangelism, and God's Spirit moving powerfully among us.

Your faithful prayer and support transforms lives in the Circle of Silence Mexico.
Thank You!

Arturo, knelling down in the park,told the children about Jesus.

Children and parents alike were amazed at the clown ministry and message of Daniel Rivera.

Urgent Update: Rebuilding After the Flood

As you'll see in this short video, our **Woodlands campus is still recovering from the devastating flood.** One of our greatest concerns is a maritime container that serves as our Sunday school classrooms—it now sits dangerously close to sliding down the embankment.

Repairs are costly and we estimate another 3–4 weeks of labor before the campus is secure and safe again.

Take a behind-the-scenes look at our journey these past few weeks, overseeing repairs, and seeing God's hand at work. This short video shares both the progress made and the challenges that still remain.

A New Chapter Begins: Inauguration of Breath of Life West Campus

Formally "Solares Campus" 2nd Anniversary

On September 14th, we joyfully inaugurated the "West Campus" of Breath of Life Church. After 2 ½ years of

Doniz in prayer as they lead this new church plant. Best of all—one man said YES to Jesus on this very Sunday, the first fruits of many to come.

searching, 37 rejections, and more than 80 inquiries under IWs Zac and Julie Stutler, God opened the door to a place willing to rent to an evangelical church.

The new facility seats 80, includes two children's classrooms, and will host Bible studies, evangelistic events, and Sunday services. About 50 people celebrated this special day, along with a team from the South Pacific District of California.

We thank God for His faithfulness and ask you to keep IWs Jose and Marcela
