

Member Spotlight: July 2026

Elizabeth Feldman

Elizabeth moved to Swarthmore in 2019 and joined Project W this January after being encouraged by a fellow member, Jeannine Anckaitis. Eager to get involved, she immediately joined the Family Grant Committee.

Her favorite part of Project W has been serving on the Family grant committee, particularly a site visit to Wesley House Shelter, which provided a firsthand look at the organization's impact. She also enjoyed learning about the grant review process and meeting with applicant organizations.

Elizabeth is the Strategic HR Business Partner at CADES, a nonprofit serving children and adults with intellectual and physical disabilities in Delaware County and found it valuable to learn more about the funding side of philanthropy. Her passions are children and education, with a focus on fostering critical thinking and curiosity.

She plans to renew her membership and looks forward to attending more Project W events and connecting with fellow members.
