

Northwood Artist in Residency 2022-2023

Artist

KIM BERNARD

Kim creates installations that are public, recycled, interactive, kinetic and raise environmental awareness.

She is currently focused on creating upcycled sculpture with her plastic recycling machines and PopUpCycler.

Dates:

April 10th- 14th during regular related arts time block.

All Students K- 8 will be working with the artist throughout the week

We Need Your Help Collecting!

HDPE

High- Density
Polyethylene

Milk jugs,
cleaning agents,
laundry
detergents,
bleaching agents,
shampoo bottles,
washing and
shower soaps.

Every Student will need to bring in 1-2 plastic bottles. The plastic bottles need to be a... **#2 Plastic Bottle**

Please wash out your bottles as many of them will be stored in the Art room. I ask that you have your student bring in their plastic bottles for April 10th but I will accept extra bottles at any time (now-April 10th)
