SAU #44 is sponsoring a free Child Check Clinic for preschool-aged children (2.5 - 5 years old) for whom there is a developmental concern. Each screening will take approximately 45 minutes. Parents will need to sign permission forms and results for each child will be shared with them. A Speech and Language Pathologist, Occupational Therapist, and Special Education/Early Childhood Educator will observe and administer developmental screenings in the areas of:

***Readiness/Learning ***Speech and Language ***Fine and Gross Motor ***Hearing Screenings
