WHY JOIN CCRA?

Central Carolina REALTORS® Association works diligently to ensure protection of your needs and rights as REALTORS®. We strive to adhere to a Code of Ethics, which governs how we treat clients, prospects, and each other.

Acting as your front line of defense on the local level, we fight for key governmental issues that help make an impact in your community and your industry. We strive to connect with our community and inform our REALTORS® about the area they're selling.

Through the local level, a REALTOR® has the opportunity to receive all the benefits offered by the State and National associations. The State Association and the National Association follow us when it comes to any REALTOR® related issues.

One of the main functions of our board is to provide continuing education and professional development activities that help you grow in your career. We encourage all of our members to seek leadership roles on our many committees and make deeper connections with their fellow professionals.

BENEFITS OF BEING A REALTOR®

REALTORS® are held to a higher standard of practice and all real estate licensees that are members of Central Carolina REALTORS® Association benefit from the existence of REALTOR® associations.

IT'S IN THE NAME

Not all real estate agents are REALTORS®. A REALTOR® is a professional who chose to elevate themselves in the real estate industry by following the REALTOR® Code of Ethics. The

REALTOR® term is a federally registered collective membership mark. As such, the mark may only be used by members of the local Board and the National Association. Only REALTORS® can wear the R® proudly!

REALTOR® POLITICAL ACTION COMMITTEE

As a REALTOR®, you have a voice in Washington DC, Columbia, and your community advocating for your industry. Since 1969, RPAC has promoted the election of pro-REALTOR® candidates across the United States. The purpose of RPAC is clear: voluntary contributions made by REALTORS® are used to help elect candidates who understand and support their interests.

THE CODE OF ETHICS

At the core, being a REALTOR® is about holding yourself to a higher Code of Ethics. The National Association of REALTORS® adopted a code that outlined their duties to their clients and to other brokers to create a better real estate community.

When clients use a REALTOR®, they know they're getting the highest ethical service.
