### What is your role at IVYP?

I am the office assistant but was a teacher assistant first.

### What do you like most about your job?

Everything, seeing the children and watching them grow and achieve all of their milestones and accomplishments.

### What is one thing you wish people knew about IVYP?

How much we really do for the community, there's a lot of changes that have been made such as the diaper bank.

### Who was your favorite teacher and how did they inspire you?

My favorite teacher was my first and second grade teacher, Ms. Chelstad. She was very helpful and understanding. She would communicate with my parents very well. I think she is the reason why I wanted to become a teacher.

### When you were 5, what did you want to be when you grew up?

A teacher.
