Farm to Table

Celebrating Community

Saturday, September 12, 2020

We are excited to invite you to our fourth annual Farm to Table Dinner.

This year we invite you to gather with us and celebrate our community. This year has been challenging, yet we believe there is great value in coming together and sharing some much needed local camaraderie. While we must take safety precautions, we plan to bring Farm to Table to Downtown Fostoria again this year.

We are aware many things may change between now and September 12, therefore we ask you to provide us with an email address so we may provide you important event updates and details. In person dining experiences as well as limited pick up and delivery options will be offered. We will be seating people in groups of their choosing at tables of 4 to 8. We ask you to provide us with the names of the individuals you will be attending the event with and with whom you would like to be seated. Please keep in mind, the maximum number at a table is 8 and the minimum number is 4. Our goal is to maintain safety while also providing a wonderful dining experience in the heart of Fostoria. If you are interested in our limited pick up or delivery option, we ask you to call us, 419-435-0486.

Kindly respond by August 14.

*Our event plan has been shared with the Seneca County Health Dept. and has been approved to proceed. We will continue to share our plan and seek guidance from the Seneca County Health Dept. as the event nears to ensure public safety.
