Senior Checks

A Money Management Program

Information Session
at Teaneck Public Library

Wednesday, May 18th at 10:00 a.m.

About Us

The Senior Checks program strengthens older adults' ability to remain independent by offering **FREE** assistance with their day-to-day financial management needs, including bill paying, budgeting, or keeping up with the mail. Our money management program uses trained, supervised, and screened volunteers to provide money management and bill payer assistance to older adults who are either unable to manage their financial affairs or who just need some help keeping track of financial matters and paying routine bills.
