

Opportunity to Purchase Yahrzeit Memorial Panel Wings

We are aware that there are very few remaining open spaces to add new Yahrzeit memorial plaques in the Saiger-Samuelson (small) Sanctuary. To address this, we will be purchasing a final set of six panel wings to install on the bottom of our large Memorial Panels along the east wall (facing the main sanctuary). Each bottom wing will hold 24 Yahrzeit plaques, providing us with a total of 144 spaces to accommodate additional congregant and loved ones plaques.

As is our tradition, and to defray the expense of purchase and installation (roughly \$2,500 per unit), congregants are encouraged to donate a wing in honor of a family member or members. A donor plaque will be installed either on the top or bottom horizontal panel of the wing. In addition, donors will be given the opportunity to consolidate family members whose plaques presently may be scattered.

If you are interested in donating a wing or wish more information, please contact Jeff Potash (president@ohavizedek.org).

Existing bottom "Wing" Panel with memorial plaque installed at the base horizontal panel.
