

Hi!

My name is Gavin Schaaf and I am a CVU high school junior who lives here in Williston.

I am collecting used camera-enabled devices like iPhones, iPads, Androids, tablets, etc to donate to the White River VA as a volunteer for TeleHealth Access for Seniors (<http://telehealthforseniors.org/>).

The Time Argus wrote an article about our efforts and our VT student lead, Lia; a link to the article can be found here <https://bit.ly/37zEiI2>

Much of our elderly populations is in need of safe access to medical care. Most providers have switched to TeleHealth services yet many older patients do not have camera-enabled devices or know how to use TeleHealth apps. We are providing the devices along with guides on how to use TeleHealth apps and Facetime, how to order grocery delivery, and how to order pharmacy delivery. Donations help us provide this essential tools and support.

Our go fund me link can be found here <https://gf.me/u/x5hfv3> and you can reach out to me directly if you have a device you'd like to donate. We can arrange a contactless pickup.

Thank you!

Gavin
