### RABBI MAX B. WALL ANNUAL LECTURE at SAINT MICHAEL'S COLLEGE MONDAY, MARCH 1 4:30 PM

SPEAKER: Alon Tal, Professor of Public Policy at Tel Aviv University

TOPIC: "What is Jewish about Jewish Environmentalism?"

Professor Tal argues that Environmentalism and Judaism are essentially synonymous, and that the Jewish perspective has unique insights and approaches to the global challenges of sustainability. The talk offers an interactive exploration of how this ancient tradition perceives humans' relation with the earth and why it might be relevant for people on the planet today.

## HADASSAH

Now is a perfect time to give the gift of Hadassah and make someone an annual member. \$36.00 helps maintain our Advocacy base and support our projects!
