

LUNCH & LEARN

Although our 2019/20 season ended abruptly after our February program, we are going full steam ahead in planning for 2020/21. The entire season is penciled in, ready to be confirmed over the summer months, depending on what's happening in the world....Stay tuned.

In the meantime, news about a virtual program in May! Wayne Senville has kindly offered to do a Zoom version of his April 2019 L&L presentation, provocatively titled, "How the 1903 Kishinev Pogrom Shocked the World – The roles played by a rabid Moldavian anti-Semite, a radical Russian Zionist, a renowned Hebrew poet, a prominent Irish nationalist, and America's most celebrated newspaper tycoon."

Wayne would add time at the end of his talk for folks participating on Zoom to recount any of their own family experiences related to the pogroms that swept through Europe in the late 19th and early 20th centuries.

"HOW THE 1903 KISHINEV POGROM SHOCKED THE WORLD" SUNDAY, MAY 17 at 8:00pm.

Zoom link for presentation is listed on OZ's online calendar.

Many thanks to everyone who took part in the 6-month 2019/20 L&L season: Richard Witting and our fabulous volunteer kitchen helpers, Gary Coffey and Lake Champlain Chocolates, Raul and Tari, our amazing speakers, and, of course, our wonderful, loyal attendees.

ANNOUNCEMENTS
