

Hiroshima-Nagasaki 79th Year, Remembrance

1:30 PM, Sunday, August 11
Founders Room, Prescott Public Library

Please join Prescott Peacebuilders as we observe the date atomic bombs were dropped on the cities of Hiroshima and Nagasaki killing thousands in an instant, leaving a legacy of illness and suffering for many.
It is an event we say should NEVER HAPPEN AGAIN!

Together, we will listen to a message
of Peace from Japan.

We will learn some of the basics in
the Japanese art of Origami.

And, we will listen
to music played on the Koto,
the national instrument of Japan performed by
Mary Lou Prince, a composer, conductor,
and performer. Most recently,
she was the music director at
Granite Peak Unitarian Universalist
Congregation. *Join Us!*

Prescott Peacebuilders.
Our hope is to educate and inspire people
to believe in and work for a
peaceful, sustainable world.
