SCHOOL OF REMEMBERING

Awakening the Illuminated Heart®

A Drunvalo Melchizedek Workshop

This workshop is the difference between *knowing* the path and *living* the path. I look forward to walking the path, holding hands and hearts with you.

Love, Bj

Awakening the Illuminated Heart® workshop helps you to remember.....

- **who you really are**
- **how to activate your 3rd eye, your pineal gland and the tubes of light**
- **how everything comes into existence and your role in this creation**
- **to create your life from love and Oneness**
- **to bring you into harmony with Mother Earth and to prepare for ascension**
- **how to balance your heart and your brain**
- **how to live from the Sacred Space of your heart and to maintain unconditional love in your daily life**
- **how to activate your living organic MerKaBa field**
- **to live your life from joy!**

Are you ready to take your consciousness from the polarity of the brain into the unity of the heart to activate a living permanent MerKaBa-field and to create a new world of Oneness from your heart? It is time once again to connect to your light body in this way… a way that is natural and complete… a way that opens the door to the Unity that lies within the heart. Once this doorway is opened life will never be the same.
