# MOTHER'S DAY "WRAPPED WITH LOVE" INITIATIVE

2026

### Choosing Your Container

**Box or Bag Specifications:** Standard shoebox or similar container, or a gift bag

**Presentation:** Simple decoration without bows for efficient stacking and transport

**Important:** Leave the lid separate - all gifts undergo inspection before distribution to recipients.

---

### Include an Uplifting Message

Add a heartfelt, encouraging card to your gift.

A thoughtful handwritten note helps recipients feel valued, seen, and genuinely special during a challenging time.

## **Important Reminders:**

- Leave cards unsealed (we'll add gift cards to any missing them)
  - Keep messages non-religious to ensure inclusivity for all recipients
- 

## **Essential Self-Care Items**

Select several practical daily necessities.

Quality self-care products support health, wellbeing, and confidence.

**Suggested Items:** Body wash, facial cleanser, lip balm, deodorant, body lotion, hair care products

---

## **Special Touches**

Include items that feel like treats rather than necessities.

These thoughtful extras remind recipients they deserve nice things and moments of joy.

**Suggested Items:** Makeup, accessories, journal with pen, hand cream, nail polish, sweet treats

---

## **Seasonal Considerations**

Add items appropriate for the current season.

Weather-appropriate products provide comfort year-round.

**Summer Collection:** Sunscreen, umbrella, reusable water bottle

---

## **Please Exclude These Items**

### **Previously Used or Sample Products**

Avoid used items, unwrapped products, complimentary hotel samples, jumbo sizes, travel sizes, and feminine hygiene products. Give only what you'd offer your closest friend.

### **Size or Shade-Specific Products**

Without knowing individual recipients, we cannot match clothing sizes, skin tones, hair textures, or personal preferences. Focus on universally appropriate items.

### **Potentially Harmful Items**

Exclude products containing alcohol, heavily scented items, or anything that could cause discomfort or harm. Help create a safe, welcoming experience.
