AgriSafe is the leader in distance education with a focus in the field of agricultural health/safety and rural health. For over seven years, AgriSafe has offered monthly webinar series to audiences across the globe.

AgriSafe now offers webinar hosting services to organizations who would like to outsource the technical aspect of offering webinars.

Services Include:

- ♦ **Up to 200 participants per webinar**
- ♦ **Promotion of webinar to diverse audiences**
- ♦ **Technical support and in-session moderation**
- ♦ **Mp4 file of recorded training**
- ♦ **On-Demand link to archived training for 90 days**
- ♦ **Streamline registration and custom scheduling**
- ♦ **Trial/test run with presenter(s)**
- ♦ **Distribution of course materials**
- ♦ **Polling questions, Pre and Post Tests**
- ♦ **Attendance reports, test results and evaluations**
