Here's what our partners have to say about HR Hotline.

"**I was thoroughly impressed** with the HR Consultant I worked with and the interactions I had with her, both on the phone and over email.

I was expecting a very canned and 'legalese' type interaction, and that was absolutely not the case. The HR Consultant was personable, very conversational, and it was clear she had real life experience and could relate easily to the specific situation. **She knew this topic very well and quickly identified the perfect resources to help with the situation.** Based on this case, I am very confident in setting up clients to use HR Hotline directly."

— Traci Magsamen, Accel Group

"**Thank you for all the help you've provided** regarding this issue.

This is a pretty tough client, and **having you as a resource has been so helpful.**"

— Bill Geraci, MAGIC Health Insurance Solutions
