

# NJAOPS

New Jersey Association of Osteopathic Physicians and Surgeons

# Support **MY** Association+

As a practicing DO in the State of New Jersey, I am proud to be a member of our professional state medical society: The New Jersey Association of Osteopathic Physicians and Surgeons. NJAOPS works to support me in my profession by advocating for issues that effect public health and providing best-in-class information and education for the advancement of medical practice. Founded in 1901, NJAOPS is a member-supported professional medical association that represents the interests of approximately 3,500 practicing DO's in New Jersey.

As an NJAOPS Member, I prefer to partner with organizations that can show support for the osteopathic profession. One of the best ways to do so is to support the NJAOPS annual conference the Atlantic Region Osteopathic Convention, known as AROC. AROC is hosted annually and caters to the interests of over 5,000 osteopathic physicians, residents, interns and medical students in New Jersey, as well as Pennsylvania, Delaware, New York and Florida. By taking advantage of exhibit or sponsorship opportunities, you gain valuable exposure to a wealth of highly engaged medical professionals who are actively searching for clinical and business services. Additionally — you are supporting the advancement of osteopathic medicine in New Jersey, as well as my practice.

I encourage you to consider taking advantage of all of the benefits that come from partnering with NJAOPS and AROC!

*The Atlantic Region's Largest Physician Conference and Expo*

Join us in April 22-25, 2020 at the Hard Rock, Atlantic City, NJ
