

## **What happened to our broadcast of God's Healing Word that was airing every Monday thru Friday at 10PM over Facebook Live and rebroadcast on Twitter?**

**ANSWER:** We were approached by a close relative on my wife's side who was experiencing great success at business and told us that they wanted to buy us a home up to \$500,000.00. We were obviously delighted but we have learned that the things that appear to be a blessing can come with challenges.

We began our New Home Search in late October 2020 which continued until January 2021. Every home we attempted to buy fell through for a variety of reasons. One of the reasons is the market is quite hot down here in Florida...It's a seller's market!

The decision was made to end our lease which was up in November 2020 but since we were not able to find a new home of our own our landlords graciously extended our lease month to month until the end of January 2021. We have had many issues arise that were unexpected like our landlords told us we had to move out of our current apartment by the beginning of February 2021. Since we have not found a home as of yet we have been moving from hotel to hotel.

I have learned from Dr. Edwin Louis Cole that when you let other people create your world they will always make it too small. We are experiencing this very truth presently and while we are still looking for a home the hotel's internet access is not strong enough for us to broadcast **God's Healing Word**. Therefore I regret to say that the broadcast is suspended indefinitely. I hope to have it up very soon.

Please keep us in prayer for this to be resolved quickly. Your continued love and support is very much appreciated. Please stay tuned to our website; [www.mjbministries.org](http://www.mjbministries.org) for updates and other resources. Thank you and we call you blessed!
