

When our young people know where they're going, we all advance. November 19, 2020

JA Inspire Virtual is a college, career and trades conference for middle and high school students. Representatives from hundreds of businesses, colleges, trades and apprenticeships will participate in this one-day time saving event where students will gather information, gain access to higher education, internships, careers and employment.

Junior Achievement of Mahoning Valley is currently seeking support from sponsoring companies and organizations to provide services and resources to thousands of students.

Representatives will be on hand to answer key questions ranging from college acceptance policies, job shadowing, internships, and employment. In addition to asking questions, students will be able to schedule interviews, download literature and learn about the various financial aid programs available.
