

2021-2022 Required Uniform Policy

Mask Policy

In accordance with the state guidelines, students in 3rd grade and above will wear masks to the maximum extent possible, most importantly at entry and exit, and during transitions within the school building. Face masks must be school appropriate. Mask colors and/or designs should not interfere with or distract from the educational process or rights of others. Masks with obscene/profane language, provocative pictures, Satanic, cult, gang-related symbolism, drug-related symbols in any form including advertisements or promotion of alcohol or tobacco, or political statements shall be prohibited on school campuses. Administration will make the final decision about whether a mask is approved or not. All masks must be worn as designed to cover the mouth and nose area. A face shield may be worn in addition to their mask, but not in place of their mask.
