

2018 STARS Classes

Health and Safety Information for Child Care Providers

Visit Our Website to Access Classes!

Snohomish Health District is now posting class materials to our website on the month that they become available. Classes are no longer being emailed out, and registration for distance learning classes is not required.

To access the current class, visit our website at:

**[http://www.snohd.org/Children-Family/Child-Care-Providers/
Training-for-Child-Care](http://www.snohd.org/Children-Family/Child-Care-Providers/Training-for-Child-Care)**

Snohomish Health District provides distance learning classes for Snohomish County child care providers on a variety topics. These STARS-approved classes are being offered at **NO COST**. They are designed to take about 2 hours to complete. You have until the end of the current month to complete and return the test and evaluation (either via email or US mail). Once your test has been reviewed, you will receive a certificate via email. STARS credit will be entered into MERIT. Further detailed instructions will be included with the course materials.

NOTES: Due to staffing and time constraints, tests and assignments will be processed for providers who either *live or work* in SNOHOMISH COUNTY ONLY. Thank you for your understanding.
