Dear Families & Colleagues,

I'm sure many of you are aware the governor issued a new Executive Order (EO) today.

In response, the AZ Department of Education has also announced today that the AZ Department of Health Emergency Measure 2020-04 is still in effect, requiring all masks in K-12 Schools. ADE stated, "Masks must be worn on school campuses, on school buses and during school-associated activities by all students, faculty, staff, contractors, and visitors".

We will not be making any changes to our mask policy at this time and will confer with state authorities on options moving forward.

Sincerely,

Erik Twist

President, Great Hearts Arizona
