City of Mesa Parks and Recreation- Volunteer Programs

For those interested in volunteering within their community, the City of Mesa's Parks, Recreation and Community Facilities Department has many opportunities to get involved. Common opportunities include:

- Park clean up and beautification projects
- [Adopt-A-Park program](#)
- Assistance at special events
- Youth Sports [Volunteer Opportunities](#)
- Adaptive and Inclusion Recreation
- Youth Summer Camp TLT program (Teen Leadership Training)
- [Junior Guard program](#)
- Eagle Scout projects
- [Internships](#)

Groups or individuals looking for up-to-date opportunities and information are encouraged to contact the PRCF Volunteer Coordinator at 480-644-4345 or PRCFVolunteers@mesaaz.gov.

<https://www.mesaparks.com/info-contact/serving-the-community/volunteer-opportunities>

Teen Leadership Training through City of Mesa

- The TLT program gives teenagers the opportunity have fun during the summer while learning valuable skills for the employment world. Teens volunteer at several youth summer camps and programs throughout Mesa, assisting with organizing group games, craft projects, swimming trips and much more! Volunteers learn to function with a "work" schedule and dress code. For more information, contact the PRCF Volunteer Coordinator at 480-644-4345 or PRCFVolunteers@mesaaz.gov.

Mesa Police Department's Youth Leadership Academy

- A free, annual program that combines physical and mental agility tests. It's a two-week program, held each summer, at the Mesa Police and Fire Training Facility, that teaches life skills and leadership through teambuilding events, classroom instruction, and physical activities. For sophomores, juniors and seniors.

City of Gilbert Mayor's Youth Advisory Committee

- The Mayor's Youth Advisory Committee (MYAC) is a leadership opportunity for high school students to learn about our community and provide valuable feedback to elected leaders. Participants are asked to volunteer in a variety of capacities as well as assist the Town Council in identifying and finding solutions to complex topics impacting all our residents. You must be in 9-12th grade to apply and live in Gilbert.
- <https://www.gilbertaz.gov/residents/town-programs/mayor-s-youth-advisory-council>

City of Gilbert Student Government Day

- For high school aged, Gilbert residents. Each year, the Mayor's Youth Advisory Committee (MYAC) sponsors Student Government Day, an opportunity for high school students to learn about the inner workings of local government and provide input on Town initiatives. Gilbert's next Student Government Day is February 24, 2021. <https://www.gilbertaz.gov/community/residents/gilbert-programs/student-government-day>

Summer Volunteer Program at Mercy Gilbert Hospital

- Before applying, please read through the [application information](#) (PDF).

Apply Now!

*Full and partial need-based scholarships provided by [Arizona Latin Medical Association](#) and [Central Arizona Area Health Education Center \(CAAHEC\)](#). You can apply for the scholarship when you submit your application.

Application

Applications for Summer Scrubs 2021 are now open. To review the application questions, read through the [application information](#) handout (PDF).

Saturday Scrubs at the University of Arizona (Downtown campus)

A weekend event that the University of Arizona hosts to explore becoming a physician.

<https://www.eventbrite.com/e/saturday-scrubs-november-21st-session-online-session-tickets-125649600337>

Saturday Scrubs has info sessions on numerous Saturdays, all for free. The registration is now open for the Saturday, November 21st

In-State Summer Programs for High School Students

Dear students and families,

The following pages are a sampling of summer programs located at ASU, UA, NAU and Embry Riddle, four universities across the state. Each college has programs specific to their campus and opportunities for students to explore college campus life and courses or an area of interest.

Links have been provided for easy website access. Click on logos for general summer websites.

We encourage students to begin exploring how they will use their upcoming summer. Applications may require an application, transcript, and letter of recommendation.

For an extensive list of summer programs from across the nation for 9-12th grade students, please visit the Arete Prep College Counseling webpage (Summer Programs). Arete's Summer Programs list is a sample of pre-college and content specific opportunities. Though the dates on this document are outdated, clicking on the program links should lead you to updated content. Additional individual research is suggested.

Sincerely,

Arete Prep College Counseling Team

For a complete list of all the summer programs ASU has to offer grades K through 12th, please check out the following website: <https://eoss.asu.edu/summerenrichment/programs>

Visit the website above for more offerings.

Below is a small sample of programs that students have applied to.

Logic and Leadership Virtual Academy - Session A2

Online learning and social distancing have made it harder for teenagers to stay motivated and engaged. We have created a unique virtual program to help students thrive in these challenging times.

This course comes from 28 years of professional development research. We have found that stability, happiness, and success come from understanding leadership and social skills. But you cannot force teenagers to learn these principles. Students must learn how to apply them in their own lives and at their own pace.

In our program, students meet 4 days a week for 3 weeks for fun and interactive activities that relate to students' interests. Students work one-on-one with a certified life coach to set goals, form successful habits, and plan for their futures.

This program is a \$650 value, but due to COVID-19, LSA is offering this program for \$350.

Grades: 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: 350

For program inquiries, contact: Team@LeadAZ.org 480-779-8592

Digital Photography I : Smartphone Your Way to Photography - School of Art Summer Camps

Explore your neighborhood and home with a photographer's eye! In this online camp you will practice composition and explore the different styles of photography all from the comfort of your own phone! Each student will receive valuable 1 on 1 feedback to help their individual needs. At the end of camp, every participant will then pick their favorite shots of the week to create their own photobook! These will be purchased by the School of Art and delivered after the camp's conclusion. Production and delivery time may vary. Students will need access to a phone, tablet or computer and the internet to participate in this camp.

To learn more about the School of Art Summer Camps visit the website at <https://art.asu.edu/resources/k-12/summer-camps>.

Grades: 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: \$300

Registration Deadline: May 28, 2021

Registration Information

Fleischer Scholars Program

Arizona high school juniors, dive into the college experience during an eight week virtual summer program and discover career paths in business and entrepreneurship while you benefit from:

- Receiving a new laptop
- Completing a free college course
- Learning the keys to academic and professional success
- Discovering academic and career opportunities
- Interacting with current W. P. Carey students, faculty, staff, and alumni
- Finding out more about university admission and available financial assistance options

Scholars are selected with the following criteria considered:

- First generation status (first in their family to attend college)
- Academic performance in high school
- Involvement in school and community
- Teacher recommendations
- Household income

We don't want any deserving Arizona high school junior to miss the opportunity to apply and be considered for a summer program with so many benefits! All free of charge to all admitted scholars.

Grades: 11th Grade

Location: Online Campus

Cost: Free

Registration Deadline: March 1, 2021

For program inquiries, contact: wpcsummerprograms@asu.edu 480-965-5613

Registration Information

Summer Experience at West 2021

High school students are invited to explore college life with an immersive summer program in celebration of ASU's West Campus.

Students will be able to experience college-readiness presentations, engage with current ASU students, develop their leadership skills while choosing from a variety of learning communities including Neuroscience, Psychology & Law/Forensics, STEM/Physics, Cognition & Leadership, Nutrition & Health.

Grades: 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: \$200, Scholarships are available.

Registration Deadline: April 30, 2021

Registration Information

Barrett Summer Scholars- 11th Grade Session 1

The Barrett Summer Scholars (BSS) program provides students with the opportunity to experience college firsthand and prepare for enrollment and success at Arizona State University and Barrett, the Honors College. The program is designed for academically talented and motivated students entering the 8th, 9th, 10th, and 11th grade in Fall 2021. BSS invites students to engage in college-level coursework and participate in a community of peers from across the state.

Grades: 11th Grade

Location: Online Campus

Cost: \$250

Registration Deadline: March 7, 2021

Registration Information

Digital Culture Summer Institute

Students grades 6th to 12th join faculty and graduate students from ASU's School of Arts, Media and Engineering in this summer program featuring week-long, project-focused classes. Students can take multiple classes each week, on a wide selection of topics. Future makers, artists, designers, engineers, and entrepreneurs will learn skills valuable for the technology-infused, fast-paced 21st century. Spark your creativity integrating arts, science and engineering!

Our June 2021 program will take place virtually. Classes include

- Make Your Own Podcast
- How Can Computers See?
- Writing with Robots
- Program a Robot Car and a Remote Control App
- Code for Games
- Intro to Rhino and 3D Printing
- Computational Photography
- Fundamentals of Storytelling
- Write Your Own Retro 8-bit Video Game Music
- and more...

Grades: 6th Grade, 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: individual classes from \$40 to \$175

Registration Deadline: June 7, 2021

For program inquiries, contact: loren.olson@asu.edu 480-965-9839

Registration Information

YAWP Young Adult Writing Program

Grades 9-12 Project Citizen: The Superpower of Hope (Session A Only): This two-week young adult literacy lab is for students who dream big and strive for a brighter future. Designed with a mission for the action-oriented, the intent is to unite youth from a wide variety of perspectives to think critically about the world and their place in it. By expressing their voices, students will become windows and bridges; they will learn tools for effective craft and communication. With lessons taught by incredible minds and intellectuals, student writers will transform their passions into an argument that can be experienced by others. Working in a creative workshop setting, we will tell our stories through personal essays, fiction, poetry and digital/visual narratives. Students will leave the workshop with pieces of writing to submit to college applications, scholarships, literary magazines, or for their own personal collection. We will also polish our writing for an anthology.

Register Now - Pay in May!

Grades: 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: \$250.00

Registration Deadline: May 14, 2021

For program inquiries, contact: tina.norgren@asu.edu 4803539233

Joaquin Bustoz Math-Science Honors Program

The Joaquin Bustoz Math-Science Honors Program (JBMSHP) is intended for mature and motivated students who are interested in academic careers requiring mathematics, science, or engineering-based coursework and who are typically underrepresented in those fields of study. Selected participants include first-generation college bound students and students representing diverse backgrounds from high schools throughout the State of Arizona, including rural communities and the Navajo Nation.

Participants are enrolled in a university level mathematics course for college credit. Homework is assigned daily, quizzes are given twice a week, and tests are given weekly. Tutoring and problem solving sessions are provided in the afternoons. A variety of academic presentations and activities are also scheduled to help students successfully transition to college. Tuition, textbooks, and classroom expense costs are provided.

The JBMSHP will be held ONLINE for summer 2021.

Grades: 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: Free

Registration Deadline: February 28, 2021

For program inquiries, contact: mshp@asu.edu 480-965-1690

Dance Sampler - School of Music, Dance and Theatre Summer Institute 2021

The School of Music, Dance and Theatre at Arizona State University is offering a variety of summer workshops in both Dance and Theatre for summer 2021. The summer intensives are designed to give students an immersive experience, where students will work with faculty and professional artists on creative projects that represent the variety of courses offered in the School of Music, Dance and Theatre. All students receive a certificate of completion at the end of each workshop.

Early Bird registration fee is \$275 for the full-day (9-4p.m.), 4-day intensive. Early Bird registration ends 4 weeks before the start date of each workshop. **Need-based scholarships are available. All scholarship applications due May 14.** [Scholarship form](#)

Dance Sampler Intensive, Full-Day, Online

This four day intensive will cover a different subject each day. The subjects include:

Monday - Jazz with Alyssa Calvano

This Jazz Intensive will incorporate elements of Classical Jazz mixed with Street Jazz. It will be an upbeat class that will allow students to expand their knowledge in Jazz while giving them the opportunity to explore new elements of the style.

Tuesday - Hip Hop with Leah Roman

This Hip Hop Intensive will be focusing on elements of Freestyle Hip Hop - Party Dances and Grooves. It will be an energetic class that will allow students to gain knowledge in Hip Hop foundation and movement while exploring their identity and expression within the Hip Hop technique.

Wednesday - Ballet with Lisa Drew

This Ballet Workshop will build on the basic vocabulary and technique of a ballet class. Students will learn and build on their ballet technique, learn about the genres of ballet, learn a ballet variation, and explore their creativity with several creative activities!

Thursday - Postmodern Contemporary with Kathy Luo

Dive into exploring postmodern dance techniques by expanding multiple movement vocabularies. Cooperation, conversation, and feedback will be used to help dancers establish confidence and create a fulfilled learning experience.

Grades: 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: \$300

Registration Deadline: June 13

Registration Information

YAWP Young Adult Writing Program

Grades 9-12 Who Do You Think You Are? A College and Personal Essay seminar (Session B Only): Everyone has a story, even you. And we know—it feels like writing essays and personal statements are the most important story you will ever tell, but it's just a story: your story. Let our gifted and supportive instructors guide you through the process, helping you shape the scene around that person who helped you, or the amazing event you witnessed, or the time when your life was changed forever. This workshop will also include collaboration among youth from a wide variety of perspectives to think critically about the world in the 21st century and to do something about it with words, digital story-telling, poetry, music or art. With lessons taught by incredible minds and intellectuals, young people are given the tools to turn their passions into a creative journey of self discovery. Working in a creative workshop setting, we will tell our stories through personal essays, fiction, and poetry. We'll share ideas and respond to each other's work as we polish our writing for an anthology.

Theatre Tech Sampler Intensive, Full-Day, Online

This four-day intensive will cover a different subject each day. The subjects include:

Monday - Streaming Live Performance with Matt Soson

Whether you're streaming your game on twitch, making experimental performance art for a global audience, or producing a virtual production, learning how to build virtual play spaces and design a live stream can be a crucial skill. Dive into the do's and don'ts of creating work and performance for online audiences, how to use software like OBS and platforms like Twitch, and performance techniques to take advantage of virtual play spaces.

Tuesday - Image Projection for Theatre with Ri Lindegren

Transform anywhere into a whole new world using virtual backgrounds and visual projections. You can use projection design skills to enhance ordinary and theatrical spaces. Learn how to create imaginative and exciting digital backdrops for Zoom, TikTok, Instagram, and live performance. Play with video framing, angles, and basic projection mapping software to create your own visuals and innovate familiar places.

Wednesday - Digital Tools for Costume Design & Creation with Olivia Hernandez

Digital tools such as 3d scanning, 3d printers and laser cutters enables costume and apparel designers of the future to create inventive costume pieces. In this full-day workshop, designers will learn the basics of scanning, molding and ideating with digital software techniques to dream and design costumes for the 21st century.

Thursday - Introduction to Lighting for Theatre

Description TBD

Grades: 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: \$300

Registration Deadline: June 21

Animated Puppetry - School of Music, Dance and Theatre Summer Institute 2021

The School of Music, Dance and Theatre at Arizona State University is offering a variety of summer workshops in both Dance and Theatre for summer 2021. The summer intensives are designed to give students an immersive experience, where students will work with faculty and professional artists on creative projects that represent the variety of courses offered in the School of Music, Dance and Theatre. All students receive a certificate of completion at the end of each workshop.

Early Bird registration fee is \$150 for the half-day (1-4p.m.), 4-day intensive. Early Bird registration ends 4 weeks before the start date of each workshop. **Need-based scholarships are available. All scholarship applications due May 14. Scholarship form**

Animated Puppetry with Olivia Hernandez, Half-Day, Online

Animation takes many forms, but its oldest form is the art of puppetry and puppeteering. What happens when we combine old and new methods of animated storytelling? In this DIY puppetry workshop, students will craft their own puppets using a variety of objects, devise a short narrative around their puppet, then employ stop motion techniques to create a story using hybrid animation that is both low and high tech, and a lot of fun!

Flamenco - School of Music, Dance and Theatre Summer Institute 2021

The School of Music, Dance and Theatre at Arizona State University is offering a variety of summer workshops in both Dance and Theatre for summer 2021. The summer intensives are designed to give students an immersive experience, where students will work with faculty and professional artists on creative projects that represent the variety of courses offered in the School of Music, Dance and Theatre. All students receive a certificate of completion at the end of each workshop.

Early Bird registration fee is \$275 for the full day. Early Bird registration ends 4 weeks before the start date of each workshop. **Needs-based scholarships are available. All scholarship applications due May 14. Scholarship form**

Flamenco I with Julia Chacon, Full Day, Online

Flamenco is the music and dance of Southern Spain. It is a percussive dance, influenced by Gypsy, Judaic, Arabic, and Spanish cultures. Through rhythmic patterns, the performers communicate, creating a powerful dynamic between dance, vocals, and music. Explore and learn flamenco dance techniques and work with guitar and vocals to apply new skills.

Logic and Leadership Virtual Academy - Session C1

Online learning and social distancing have made it harder for teenagers to stay motivated and engaged. We have created a unique virtual program to help students thrive in these challenging times.

This course comes from 28 years of professional development research. We have found that stability, happiness, and success come from understanding leadership and social skills. But you cannot force teenagers to learn these principles. Students must learn how to apply them in their own lives and at their own pace.

In our program, students meet 4 days a week for 3 weeks for fun and interactive activities that relate to students' interests. Students work one-on-one with a certified life coach to set goals, form successful habits, and plan for their futures.

This program is a \$650 value, but due to COVID-19, LSA is offering this program for \$350.

Grades: 7th Grade, 8th Grade, 9th Grade, 10th Grade, 11th Grade, 12th Grade

Location: Online Campus

Cost: 350

SEE@ASU: Summer Engineering Experience

Join other motivated high school juniors and seniors for an exciting introduction to engineering at ASU! During this week-long camp, you'll:

- Explore all 25 undergraduate engineering and technology programs offered at the Ira A. Fulton Schools of Engineering
- Gain a deeper understanding of the engineering profession and career opportunities by meeting faculty and current students
- Engage in hands-on activities and virtually visit research labs on both the Tempe and Polytechnic campuses
- Exercise creative problem-solving skills through interactive learning modules and team projects

Summer 2021 Dates

Monday, July 12 – Friday, July 16

SEE@ASU will be held virtually this year

Daily Schedule:

The below schedule is tentative and may evolve before the start of camp. There will be multiple short breaks throughout the sessions to help alleviate Zoom fatigue.

9AM – 12PM: Morning Session

12PM – 1PM: Lunch Break

1PM – 4PM: Afternoon Session

4PM – 5PM: Team Meetings/Project Time

5PM – 6PM: Optional Social Hour

The morning and afternoon sessions will be structured to include approximately two hours of active learning with a simulation, activity, or Zoom meeting/presentation from a faculty member, followed by one hour of individual learning to complete the learning modules. Students will also be assigned to a team on the first day of camp and will be tasked with an engineering challenge that culminates in a virtual showcase on the last day of camp.

There will be optional evening programming for participants every day except Friday. Evening programming will include virtual games and team-building activities.

Eligibility

1. High school students entering their junior or senior year during Fall 2021
2. Minimum 2.75 unweighted GPA in all high school academic classes – transcripts must be provided to complete registration

Registration is accepted on a first-come-first serve basis. Academic year and GPA will be evaluated upon registration. If registration is full, interested students may request to be added to a waitlist.

Cost

\$375/participant (\$25 non-refundable registration fee, \$350 program fee)

The camp fee includes a T-shirt, SEE@ASU workbook (physical copy), materials for hands-on activities, and Fulton Schools gift items. The camp fee also grants access to the Canvas learning course for the duration of camp plus an additional two weeks after camp is over.

Technical Platforms and Requirements

Students will participate in activities through two platforms: Canvas and Zoom:

- Canvas is a classroom-style platform that will be used for recorded video lectures, readings, activities, and assignments.
- Zoom will be used for interactive lectures and activities, informational webinars, and team meetings. Interactive sessions will have appropriate safety measures in place to maintain a safe, private, and productive learning environment.

Students must have access to a computer/laptop with a reliable high-speed internet connection. Students are also strongly encouraged to have a web camera, either integrated or external, to be used for team meetings and interactive sessions.

Grades: 10th Grade, 11th Grade

Location: Online Campus

Cost: \$375

RISE Leadership Institute

RISE Summer Leadership Institute is a leadership and college readiness program for rising high school juniors and seniors, that celebrates and continues the legacy of Black and African American Sun Devils of Arizona State University.

The institute provides tools to help students cultivate their leadership abilities as they continue serving at their schools and in the community. Students will also receive resources that will help them navigate the college going process, while gaining insight from Black alumni, staff, students and community members. ASU is an inclusive community that is welcoming to all people of different backgrounds and is proud to offer this institute as we continue our outreach efforts, partners and commitment to Arizona's Black community.

Theatre for Social Justice II with Benedicta Akley-Quarshie, Half-Day, Online

The main goal of this 4-day Theatre for Social Justice workshop is to engage students in physical performance and conversations related to civic involvement. Using a combination of forum theatre – where the viewers are able to interrupt and change the narrative of the piece, process drama – where both the students and teacher are working in and out of role, and story drama – where literature is used as a ‘springboard’ for participants to explore beyond the actual text, students will be challenged to critically think about stories and dramatic content they encounter, make connections to their own lives, and current happenings in the United States. As an ensemble, we will reimagine already existing dramatic texts and use our voices and beliefs to recreate scenarios centered on equity and social justice.

High School and Summer Programs

Our summer programs include a range of science and math-focused camps and workshops, available for a variety of ages. Many of these programs are traditional, week-long day camp experiences on the UA campus. Some of our premier summer camps take advantage of our close proximity to the UA's world-class telescope facilities on Mt. Lemmon. All of our programs are designed to provide campers with hands-on a research experience.

College of Science Summer Camps

[Astronomy Camps on Mt. Lemmon](#) - A camp for students and adults to learn more about astronomy through hands-on activities at the Mt. Lemmon SkyCenter.

[Biosphere 2 Summer Science Academy](#) - The Biosphere 2 Summer Science Academy is a hands-on educational experience for 7th – 12th grade students. This week-long residential immersion provides students 'under the glass' research experience in one of Biosphere 2's five biomes, and culminates in a day of presentations of their research findings. Emphasis is also placed on collaboration and leadership skills, including a day at the desert challenge ropes course.

[UA Fusion Camps](#) - UA Fusion Camp is a partner program between the Flandrau Science Center and the UA Bookstore and offers six weeks of themed summer camps that are infused with literacy, creative arts and science exploration. The camps provide children with unique hands-on experiences that promote a love for learning.

Other Science and Math Summer Camps

[Arizona Youth University](#) - Experience a wide variety of The University of Arizona's summer camps with Arizona Youth University (AYU)! AYU's summer enrichment programs offer exciting day camps for students in grades 3-8th spanning a range of STEM education subjects. Additionally, several auxiliary programs are also offered with focuses ranging from linguistic and cultural studies to academic success and specialized sports training.

[Business Careers Awareness Program \(BCAP\)](#) - BCAP provides an excellent opportunity to experience careers in business and accounting. The programs contains field trips, faculty instruction, engaging activities, and a

team based case competition. The program is offered in a one day or week-long experience. For current high school Juniors and Seniors.

[KEYS Internship Program](#) - the KEYS High School Summer Internship Program is committed to providing hands-on research opportunities to talented students from diverse backgrounds who wish to define their degree and career goals. KEYS interns enroll, with no tuition costs, in the University of Arizona during their summer break for a week of intensive laboratory and science literacy training, followed by six weeks in the laboratory of a renowned UA researcher.

[Museum Explorers Camp](#) - Hosted by the Arizona-Sonora Desert Museum, this "hands-on, minds-on" daycamp introduces students in grades 1 through 6 to life in the Sonoran Desert and its nearby seas.

[Physics Factory Summer Camps](#) - The Physics Factory gives kids a chance to do things they never imagined they could, such as welding, plasma cutting, woodworking, electronics, robotics, take-apart and unfettered invention. For four years, our unique and exciting osmotically-educational summer camps have inspired kids to express their creativity while doing take-home projects with our safety-conscious instructors.

[UA College of Engineering Summer Camps](#) - The Summer Engineering Academy is a series of week-long residential camps held on the University of Arizona campus for students passionate about engineering and science. You are welcome to attend multiple Interdisciplinary and major-specific programs during the same summer.

[MedStart Summer Program](#)

Med-Start is a summer program for Arizona high school students interested in medicine, health care or the health sciences. The program is six weeks long, and takes place during the summer between your junior and senior years. Med-Start is held on the University of Arizona campus in Tucson, and is run by our [Office of Diversity & Inclusion](#).

- Earn college credit from a college-level English course
- Earn college credit from the Introduction to Chemistry Lab course
- See and take part in activities like medical examinations and science experiments
- Learn about all kinds of health careers from professionals who want to answer your questions
- Tour some of the best health care and research facilities in the nation

[New Start Summer Program](#)

New Start is a summer program that helps incoming freshmen move successfully from high school to college.

As a New Start student, you'll learn the ins and outs of the University while making friends and connections across campus. You will also:

- Earn 6-7 units of academic credit, putting you half a semester ahead of other freshmen
- Meet over 300 new freshmen
- Live in an on-campus residence hall
- Get to know multiple University faculty and staff members
- Learn about the many campus resources that are available to assist you
- Get involved in the organizations and on-campus activities that matter the most to you

NORTHERN ARIZONA UNIVERSITY

NORTHERN ARIZONA UNIVERSITY

Program: University of Northern Arizona Summer Music Camp for High School and Middle School Students: Flagstaff, Arizona

Description: The University of Northern Arizona offers a Summer Music Camp for high school students and middle school students. Students have the opportunity to work with faculty members and other experts to help them develop as well as improve as musicians. Students participate in an ensemble and receive specialized attention in musical areas of interest. Students have a chance to perform during the summer experience.

Participants: High School Students and Middle School Students.

GRAND CANYON UNIVERSITY

GRAND CANYON UNIVERSITY™

Summer Institute

With our commitment to following CDC guidance for safety, GCU has made the thoughtful decision to cancel upcoming summer camps at this time.

Additionally, we encourage you to participate in our virtual [GCU Live tours](#) as a means to experience campus from your home.

The Summer Institute at GCU is a premier Christian camp experience. Experience college life and get an up-close look at the career fields that interest you. Each of the three days and two nights is full of both academic experiences and fun, exciting activities.

EMBRY-RIDDLE

Aeronautical University

[Summer Program Listing](#) (Overnight camps in Prescott)

Aerospace Engineering Aero Track

This intensive, six-day program will teach the fundamentals of aerospace engineering and the science of flight. Classes include aerodynamics, astrodynamics, and propulsion systems. Students will also study structure and materials and participate in a bridge-building contest.

Ages: 15-18

Aerospace Engineering Astro Track

Our "Astronautics Track" Aerospace Engineering summer program places a focus on the fundamental skills needed to develop space mission concepts and how these concepts relate to Astronautical Engineering.

Ages: 15-18

Computer, Electrical & Software Engineering - Arduino

Microprocessors have revolutionized every aspect of aerospace technology. In this summer program, students will learn to program an Arduino microcontroller.

Ages: 15-18

Computer, Electrical and Software Engineering - Near Space Research

In this summer program you will experience how computer, electrical, and software engineering relates and contributes to the aerospace world.

Ages: 15-18

Drone Flight Exploration

The Drone Flight Exploration summer program will introduce students to the evolving world of unmanned aircraft operations. Students will be introduced to drone operations through classroom instruction, flight simulators, and actual flight operations.

Ages: 15 – 18

Flight Exploration

At the Embry-Riddle Aeronautical University Prescott Campus Flight Exploration program we have some exciting things planned for students that will make the flight program experience both memorable and rewarding.

Ages: 14-18

GSIS Spy Camp - Global Security and Intelligence Studies

Have you ever dreamed of being a spy? Does working undercover sound like a career you would like? Immerse yourself in the world of security and intelligence with this six-day, residential program.

Ages: 15-18

Next Level Flight

The Next Level Flight program is the next step for a student interested in aviation who attended the Flight Exploration program.

Ages: 15-18

Helicopter Exploration

At the Embry-Riddle Aeronautical University Prescott Campus helicopter program, we have some exciting things planned for students that will make the Helicopter Exploration experience both memorable and rewarding.

Ages: 15-18

NEW - Wildlife Science Summer Program

This six-day, field-based program is designed for students who are interested in learning about Southwestern wildlife and the field of Wildlife Science.

Ages: 15-18
