

You can pledge online!

Rather than filling out this card, pledge online through our new data management system, Realm. In Realm, under your profile, you will be able to: view your pledge, view how much you have given per year in real time, give online, register for events and more!

Step 1: Activate

1A: To pledge online you must first activate your Realm account. All old iRiverside accounts were transferred to Realm but you still have to activate it. **Already using Realm?** Skip this step.

1B: To make a Realm account: Go to www.onrealm.org, type in your email address you use with RPC and then click "forgot password." Check your email to "reset" your password and then log in to Realm. *Issues with this?*
Contact emily.heeg@rpcjax.org or (904) 355-4585 x 15

Step 2: Pledge

Log in to Realm at www.onrealm.org Once you are logged in to your Realm account: look for the menu bar on your left and click "Giving." On the Giving page, look for the **+ Pledge** button. From there you will have options to make your pledge and then to **Save Pledge** **Save & Set Up Online Gift**
Remember: Online pledges do not automatically set up online giving (unless you set it up that way)
