A PROFESSION DEVELOPMENT PROGRAM OF THE
MCPHERSON CHAMBER OF COMMERCE SINCE 1982

LEADERSHIP MCPHERSON

Leadership McPherson participants learn to recognize their talents, skills, and strengths, and discover new traits to appreciate in others. The in-depth, educational program focuses on developing leadership competencies and giving participants the skills to move organizations and businesses forward.

In 2000, the curriculum incorporated a service project to benefit the youth of McPherson County. Through the years, projects have touched many lives and continue to make a difference in our community.

- Develop an awareness and importance of future generations and how practicing leadership can make a positive impact in our community.
- Equip everyone to lead so challenges are addressed and progress is made.
