

## The Living In Place Institute welcomes our newest Education Partners

### IN THE NEWS

**Quick Drain**

**TOTO USA**

**REV-A-SHELF**

“As the industry leader in shower drain solutions, we are honored to become an Education Partner of the Living In Place Institute” says Darryl Jones, National Sales Manager - Showrooms.

Design is an integral part of the QuickDrain Experience. Elegance and performance working together in tandem, a seamless blend of style and engineering. When it comes to Curbless Showers, a system installed with a curbless entrance becomes an easy, seamless transition from dry to wet areas in the bathroom. This type of shower is a standard of Living In Place design, making the shower easily accessible to all ages and abilities. It also provides a clean and expansive look, from traditional to modern aesthetics. A curbless QuickDrain shower improves hygiene because the shower can be designed with larger format tiles, reducing the number of grout joints and seams where mold, mildew, and grime can take hold. Flooring options are nearly limitless design options, as QuickDrain makes it possible to use nearly any imaginable finish or flooring material.

“We are proud to continue our commitment to advanced professional education through the Living In Place Institute,” says TOTO spokesperson Gunnar Baldwin, Water Efficiency Specialist for TOTO USA. When Gunnar first heard of Living In Place at KBIS 2015, he immediately embraced the positive focus of all homes safe – healthy – comfortable for all ages and needs. He attended the first CLIPP class in late 2015. “I am proud to be #5 Certified Living In Place Professional™ (CLIPP™).”

TOTO has always embraced technology, pursued the highest levels of cleanliness, incorporated high aesthetic standards, protected the environment, and worked to improve people’s lifestyles. Because we continually innovate in all of these areas, TOTO has become the world standard of excellence for a quality bathroom experience. At TOTO, we have always been inspired by a desire to improve everyone’s quality of life. Through almost a century rich with innovation, TOTO has changed the perception of what a bathroom can be — and how it can be used.

“We have always been recognized as an industry leader. As we provide product solutions for many homes, our efforts are aligned with this industry movement towards home comfort. Now, as Education Partners with the Living In Place Institute, we support this high-level education focused on making all homes safe – healthy – comfortable for everyone.” Shari McPeek, Public Relations & Advertising Manager, Rev-A-Shelf LLC

Rev-A-Shelf has grown to be the market-leading innovator of quality, functional residential cabinet storage and organizational products such as Lazy Susans, Kitchen Drawer Organizers, Base Cabinet and Pantry Pull-Outs, functional Waste Containers, LED lighting systems and Childproof Locking System. Located in Louisville, KY. Rev-A-Shelf has been family owned for three-generation and their primary markets include cabinet hardware distributors, large OEM cabinet manufacturers, Lowe’s and Menards home centers, and an array of online web resellers.

A “whole home” approach has expanded the current product categories to include kitchen, bath, closet, and childproof cabinet products targeted toward the middle to luxury end of the customer demographic.

#### September Blog for Living in Place

##### “Beyond Universal Design”

Created in 1997, these principles helped us understand the need, but did not provide solutions.

#### Save Big Bucks while you Learn at Home

Become a Certified Living In Place Professional™ from the comfort of your home in just three days. Our financial contribution to help professionals through all Stay-at-Home Live-Virtual CLIPP classes are reduced to only \$699 through 2020.

#### Listen to their stories...

Read how their homes were not ready for a short- or long-term challenge. Sheri Gold, Sheri H. Gold, CKD, ASID, CLIPP, senior sales manager for GE Monogram Appliances, a Haier Co. and Ebony Stephenson, CLIPP, CAPS, owner of Designs by Ebony LLC in Newport News, Va.
