### **Course Description:**

Dental hygienists know how to detect periodontal disease, however sometimes we forget when we need to refer our patients. We will discuss gingival recession and what the options are for treatment and when to watch. Implants are now standard in your practices so we will discuss maintenance and how to treat peri-implantitis. Various case studies will be shown on augmentation and implant restoration.

### **About our Speaker:**

Dr. Etienne P. Lacrampe is a native of the East Bay. After graduating with a degree in history from UC Davis, Dr. Lacrampe decided to follow the footsteps of his father and pursue a career in dentistry. He graduated with his DMD from Tufts University School of Dental Medicine in 2003. After spending significant time observing Dr. Robert Marks and Dr. Don Morris, he elected to attend a specialty residency in periodontics and dental implants, obtaining his Certificate in Periodontics and Dental Implants from Oregon Health & Sciences University in 2006. Additionally, Dr. Lacrampe is an Associate Professor of Periodontics at the University of the Pacific Arthur A. Dugoni School of Dentistry. Dr. Lacrampe is a Diplomate of the American Board of Periodontology which designates his successful completion of a rigorous board certification process. In addition to being board certified, he is a member of the American Academy of Periodontology, the American Dental Association, the California Dental Association, the Contra Costa Dental Society, and the California Society of Periodontists. He is also the founder and Director of the Mount Diablo Hygiene Study Club.
