<b>DSHS-Children's Administration</b>					
<p>Strengthening Staff to Support Kids</p> <p>Child Welfare Social Workers</p>	<p>Gov: Additional staff and funding are provided to lower caseload ratios to 18 families per Child and Family Welfare Services worker. The 1:18 caseload ratio is the Braam settlement standard. This will improve the quality of case management and lead to more expedited outcomes for children and families. More appropriate caseloads will also improve recruitment and retention of staff, maintain a stable workforce, and decrease social worker burnout.</p> <p>House: Staff and funding are provided to phase-in 61.7 total FTEs, beginning in September 2017, to lower the average statewide caseload ratio to 18 families per Child and Family Welfare Services (CFWS) worker and make progress towards the Braam settlement caseload outcome of 18 cases per worker. The CFWS staff manage the cases of children in temporary out-of-home placements and children who have reunified with their families following a placement. Funding includes 46.6 case-carrying social worker FTEs, accompanied by supervisors (3.9 FTEs), administrative support staff (7.8 FTEs), and supplemental staff (3.5 FTEs) to support workload during the hiring and training process of new social workers.</p> <p>Final: Staff and funding are provided towards the goal of lowering the average statewide caseload ratio to 18 families per Child and Family Welfare Services (CFWS) worker and make progress towards the Braam</p>	<p>\$6.777m GFS \$138,000 GF-Fam Support \$6.915m Total</p>	<p>Did not include</p>	<p>\$6.408m GFS; \$8.322m Total</p>	<p>\$4.807m GFS; \$6.243m Total</p>
