Ministries should set specific goals for ministries in the church; communicating to the church and other leaders the goals of the ministries and investing money in needed areas and setting a budget. The goals are turned in and the Board looks at items above and beyond the budget. (HMS would like to have the conversation of an additional \$5,000 - fulfilling the goal of \$10,000 that was only partially funded)

The board reviewed all the smart goals and the following are the Smart goals being considered:

- 1) Part-time Bible worker - \$6K
- 2) Media ministry - \$3K

**Community Think Group Report:**

A small group of our church came together asking how our church can better be involved in impacting the community. This group came to be because of church surveys and the pastoral team feels a need to review this question. Their conclusions were that it would be well for Campion to start with a corporate focus on 1-2 areas of serving the needs of our community that receive our collective resources, and Campion should consider a more intentional approach with more significant resources committed to serving our community. A motion was made that we spend \$5,000, but the motion was amended to \$8,000 to fund this project.

**Action:** **Voted and Approved.**

**Motions:**
